What is the Horizon Primary Nurse Program?

Making sure our members get the care they need isn't just our job, it's our responsibility as your health insurer.

Our Primary Nurse Program is helping us do that by connecting you with a single registered nurse who can answer your questions and help you find covered care and services.

It's an approach that makes getting the care you need easier, and helps you address any health concerns before they become more serious or more costly.

What is a Primary Nurse?

He or she is a registered nurse who knows your health and benefits and works with you and your doctors to coordinate your care.

What does the program cost?

This program is free for our members.
